PROJECT SITUATION:
You are working as a team of consultants for Mahidol University. University management has identified a problem and has requested assistance from your consultancy to investigate it.

Your job is not to solve the problem. Your consultancy will investigate the problem, find out what relevant people think about it, collect information, identify the most important findings, and report these findings to management.

TASK OBJECTIVE:
This assessment will evaluate your ability to work effectively as a consultancy team to investigate a business-related problem and communicate important information clearly and professionally.

You will need to demonstrate understanding of meeting management, information gathering, audience, purpose, message, and communicative strategies. You will also need to identify and explain the most important findings from your investigation in a clear and focused **Business Information Briefing**.

ASSESSMENT WEIGHT: 10%
TASK INSTRUCTIONS:
You are required to work as a **business consultancy team of 3–4 students** investigating a problem identified by university management. To understand the issues, your consultancy will need to:

1. Conduct a team meeting to discuss the problem, understand the management brief, decide what information is needed, plan the questionnaire, set the scope of the investigation, and agree on next steps.
2. Find out what relevant people think about the problem.
3. Collect information through appropriate methods.
4. Identify the most important findings from the information collected.
5. Provide regular updates to the CEO of your Consultancy (your instructor) and university management about the progress of your investigation.
6. Prepare a 5-minute Business Information Briefing based on your findings.
7. Present the findings to management in a clear, concise, and professional manner.

Your consultancy is not required to provide solutions or recommendations. The purpose of the project is to investigate the problem and communicate what the information tells management about it.

WEEKLY DELIVERABLES AND TASK VALUES:

Week 6: Meeting Minutes and CEO Update Email	**54 Points**
Week 7: Request a Meeting Email, Final CEO Update Email	**38 Points**
Week 8: Information Briefing	**65 Points**

At the end of the project, you will also be asked to complete a peer evaluation of your team members' performance.
